

You will receive your invoice from Infomedics!

Your healthcare provider takes care of you and we take care of the invoicing.

We will invoice you on behalf of your healthcare provider. If possible, we will check whether your health insurer reimburses (part of) your invoice. If so, you will see the reimbursement deducted on your invoice and you will only have to pay the remaining amount.

Has nothing been reimbursed, but do you think you are entitled to reimbursement from your health insurer? Or do you have questions about the amount of your reimbursement? Then please contact your health insurer.

Digital or printed invoice

You may choose to receive your invoice digitally or printed. Infomedics takes care of both the printed invoicing (delivered by mail) and the digital invoicing (delivered by e-mail). Indicate your preference to your healthcare provider.
